MEMORANDUM FOR: Security Officer, DDI Management Staff  
SUBJECT : U.S. v. IBM

1. As a result of IBM's continuing pretrial discovery activities, certain additional Agency classified documents have been located in the files of the Department of Commerce. These documents, being 45 in number, have been forwarded to us by the Department of Justice with the request that it be permitted to make them available to representatives of IBM.

2. It is requested that you have these materials reviewed in order to determine whether their disclosure would jeopardize sources and methods. If that determination is in the negative, I would recommend that we accede to Justice's request with the understanding that these materials may be released only to personnel possessing the requisite security clearances and that they must be handled in accordance with the Protective Order as issued by the Court in the subject case.

3. Your early response would be appreciated.
